Corps FY2023 Workplan Released

PNWA is pleased to report that the U.S. Army Corps of Engineers released their FY2023 [workplan](#) today, which includes additional funding for many PNWA-related projects. We would like to thank the Northwest Congressional delegation for their efforts to support regional navigation in this process, and also thank the Corps for their direction of funds to these projects.

PNWA previously reported on the [passage](#) of the FY23 omnibus [appropriations](#) package at the end of last year. If a project is not funded in the President's budget and the Energy & Water Development appropriations bill, then we have one last chance for funding in the fiscal year in the Corps' workplan process. After the passage of the appropriations bill, the Corps has sixty days to provide Congress with a workplan detailing how it will spend discretionary pots of funding provided in the appropriations bill. To view the PNWA Supported Corps Projects List, click [here](#).

The following projects secured **additional** funding in the FY2023 workplan:

Construction

- \$18.225M - Columbia River Fish Mitigation projects
- \$1.5M - Mount St. Helens Sediment Control Toutle River fish facility

Operations & Maintenance

- \$2.714M - Seattle Harbor donor port funds
- \$3.364M - Tacoma Harbor donor port funds
- 1.07M - Lake Washington Ship Canal additional maintenance, generator/electrical upgrades, BiOp implementation, and ArcFlash update
- \$41M - Columbia & Lower Willamette below Vancouver, WA & Portland, OR to repair Cottonwood Island and Skamokawa Price Island pile dike systems
- \$125K - Columbia River at Baker Bay (Port of Ilwaco) Baker Bay pile dike plans and specifications
- \$250K - Tillamook Bay & Bar (Port of Garibaldi) wave buoy evaluation
- \$2.249M Yaquina River (Port of Toledo) dredging
- \$1.1M - Bonneville Dam for stilling basin rock removal and Bradford Island Federal Facilities Agreement negotiations and other restoration project activities
- \$1.7M - Lower Monumental Dam replacement of navigation lock electric power

systems

Following the release of the President's FY2024 budget on March 9, PNWA will work closely with all three Corps Districts and the Northwestern Division to understand the additional capabilities for our region's projects. We will then advocate for those priorities during the [Mission to Washington](#) and throughout the year as we visit Capitol Hill.

If you have any questions, please contact [Dena Horton](#).
