

Pacific Northwest Waterways Association (PNWA) is a non-profit, non-partisan trade association that advocates for federal policies and funding in support of regional economic development. PNWA is a collaboration of businesses, public agencies and individuals who collaborate in support of navigation, energy, trade, economic development, and environmental restoration throughout the Pacific Northwest.

Founded in 1934, our membership has grown to include over 150 entities including public ports, barge companies, steamship operators, grain elevator operators, agricultural producers, forest products manufacturers, electric utilities, irrigation districts, and union labor throughout Washington, Oregon, and Idaho.

For over 85 years, PNWA members have advocated for efficient, reliable, and environmentally sustainable waterways.
